2019/01/27 update : We added rules mainly to multi-player game.. I changed the game name.. 2018/12/30 update : A tutorial was added at the time of new play. We added a new enemy, slime and hermit crab and wizard. We adjusted some of the enemy's attacks We adjusted the game balance of the stage, thereby switching the placement of the panel is necessary more than now. I think that you can enjoy it from the previous version.
