While it is designed for the beginner, we have included powerful features to enable advanced flight sim enthusiasts. In addition to traditional RC simulators, FLIRREX includes features never before seen in the RC industry such as a built-in Real-Time Flight Center (RTFC) featuring an interactive onboard flight data recorder. The users may capture their flight and test/edit it by themselves in a dedicated program and a powerful integrated flight management system that will track your flight and even provide a video camera view of your flight. FEATURES RC model simulator featuring photorealistic graphics Indoor and outdoor flight Planned update: 2016-06-29 Requires: Microsoft Windows XP or newer (32-bit only) System requirements: Dual Core Processor or equivalent 2 GB RAM 300 MB available free hard disk space MIDI compatible keyboard and mouse required NOTES: For installation purpose, it is recommended to use the installation media available on the product webpage.
